TRANSPORTATION

Do you like to work with your hands? Do you like to fix stuff? The **Transportation** pathway is an opportunity to learn about careers in automotive technology and aerospace. The courses give you an introduction to those fields through classroom instruction and hands-on experience.

Go farther by continuing your education at these schools:

- Bakersfield College
- CSU Bakersfield

TRANSPORTATION HIGHLIGHTS

Transportation careers involve planning, management, and movement of people, materials, and goods by road, pipeline, air, rail and water and related professional and technical support services such as transportation infrastructure planning and management, logistics services, mobile equipment and facility maintenance.¹ The California trade and transportation industry is projected to employ more than 3 million people by 2021.²
